

How to reset Password of AT series DVR/NVR

The screenshot shows a window titled "SuperUserPassword-DEFAULT" with a close button (X) in the top right corner. The window contains the following fields and controls:

- Company:** A dropdown menu with "DEFAULT" selected.
- Year:** A dropdown menu with "2018" selected.
- Month:** A dropdown menu with "4" selected.
- Day:** A dropdown menu with "19" selected.
- MAC Address:** A text input field containing "00:11:22:33:44:55".
- Generated Key:** A text area displaying "The key is:640509", which is highlighted with a red rectangular border.
- Buttons:** Two buttons at the bottom, "Generate" and "Quit".

1. Please select date same on target DVR/NVR you want to "Super User Password".
2. Please type MAC Address of target DVR/NVR including number and special symbols.
For example, if your MAC Address is "00:11:22:33:44:55", you must type as "**00:11:22:33:44:55**" including ":" without any spaces between.
3. Then, after clicking "Generate" button, you can get SUPER User Password to log into your DVR/NVR.
4. Please change to new Password after log in.
