

SPECIFICATION

4MP IP
High Definition

FEATURES

4MP High Definition IP Camera Module / 1/3" CMOS image sensor
Support DWDR (Digital Wide Dynamic Range) / Day and Night Mode (Auto, Night, B&W)
Noise Reduction (2D-NR, 3D-NR) / Maximum resolution 2560*1440@20fps

SPECIFICATION

System Structure	Resolution	4MP High Definition IP Camera Module
	Sensor	1/3" CMOS image sensor
Video Encoding	Image Output	Main stream : 2560*1440@20fps;Auxiliary stream and third stream optional
	Video Bite rate	32Kbps~8MKbps
Image Enhancement	Electronic shutter	Auto (1/25 to 1/10000)
	Day/Night switch	Auto/color/B&W (Built-in IR_CUT)
	DNR	2D, 3D
	WDR	Support DWDR
	Video Adjustment	Sharpness, Brightness, Saturation, Contrast Adjustable
Interfaces	Lan	10/100BaseT Ethernet auto sensing
	Motion detection	Multiple detection zones, variable sensitivity levels
Functions	Screenshots	JPEG , capture resolution is the max coding resolution
	Security	Password protection and water marker
	Mobile APP	VSSMOBILE for both iPhone and Android system phone
	Interface protoco	ONVIF/CGI
Others	Power Supply	DC12V/POE(-P)
	Power Consumption	<1.7W
